There are typically two short sets of stairs, one running upward to a bedroom level, and one going downward toward a basement area. The basement level is usually finished, and often contains additional living areas (most often, a family room, an office and/or a hobby or playroom), as ... Split-level home - Wikipedia - The microwave, trust me as a kitchen design professional for many years, is an appliance that is very tricky to place in the kitchen. One of the pros of the microwave as opposed to other appliances is that there are quite a wide range of sizes available to either build it into cabinetry or, in the case of the countertop model, simply put it on a shelf.
