Transpersonal psychology

is a sub-field or "school" of

psychology that integrates

the spiritual and

transcendent aspects of the

human experience with the

framework of modern

psychology. It is also

possible to define it as a

"spiritual psychology". The

transpersonal is defined as

"experiences in which the

sense of identity or self

extends beyond (trans) the

individual or personal to

Wikipedia - The

environmental movement

(sometimes referred to as

the ecology movement),

also including conservation

and green politics, is a

diverse scientific, social,

and political movement for

addressing environmental

issues. Environmentalists

advocate the sustainable

management of resources

and stewardship of the

environment through

changes in public policy

and individual behavior.
